SUBJECT: CA Dream Act Application - Selective Service Update

This Operations Memo from the California Student Aid Commission (Commission) provides an update to financial aid staff on the electronic registration process with the U.S. Selective Service System (SSS), as announced in [GOM 2015-22](#), for eligible male students who selected this option on their California Dream Act Application (CADA).

Initial Registration Update

- The Commission successfully registered approximately 6,800 eligible male students.
- New Cal-ISIR transactions for these students were made available on Saturday September 19, 2015, with their updated registration status.
- The Commission will continue to register eligible male students who select this option on a monthly basis.
- Students can also see their registration status by logging into their CADA and viewing their Confirmation Page or Cal-SAR.

A recorded, on-demand mini-training module on this topic is available on the Commission's [Training Page](#).
